Minutes

RTA Board of Trustees Meeting

9:04 a.m. December 17, 2024

Board Members: Koomar (Chair), Welch (Vice Chair), Biasiotta, Elder, Love, McPherson, Pacetti, Sleasman, Weiss

Not present: Lucas

Staff: Biggar, Birdsong Terry, Burney, Caver, Dangelo, Davidson, Feinn, Ferraro, Fields, Flannery, Fleig, Ford-Marshall, Freilich, Garofoli, Hill, Hudson, Jones, Jupina, Kirkland, Miller, Myers, Pierce, Schipper, Sulik, Sullivan, Sutula, Togher, Vukmanic, Weil, Young

Public: Gibbons, Hinkle, Loh, Sopko

The meeting was called to order at 9:04 a.m. There were nine (9) Board members present.

It was advised that notice of this meeting had been posted more than twenty-four hours in advance of the meeting, that the usual notification had been given the news media and other interested persons, and that all requirements of the Ohio Revised Code and Rules and Bylaws of this Board regarding notice of meeting had been complied with.

Minutes

The minutes from the November 19, 2024 Board Meeting and December 3, 2024 Special Board Meeting had been previously distributed and reviewed, and asked whether there were any additions and/or corrections. There were no corrections. It was moved and seconded. The minutes were approved.

Public Comments – Agenda and Non-Agenda Items

The public comment section has been consolidated to include agenda and non-agenda items.

1. Kevin Hinkle – Cleveland, OH – Kevin suggested RTA put a transit museum in Tower City and will donate items.
2. Airric Stewart – Airric is still having issues with the customer service line and being transferred to the survey. Most of his previous comments are not in the minutes. Airric asked for the responsibilities of the Community Advisory Committee (CAC) but has not received any responses from the CAC.

Mayor Koomar added that the phone survey is random. Staff will take a look at his previous comments.

3. Isaac Shimsky-Agosto – Cleveland, OH (webform) – I would like to express my support for bus lanes on West 25th Street, in Ohio City. That stretch would greatly benefit from bus lanes. Buses are often slowed by the amount of traffic on that stretch. Additionally, given the amount of bus lines that use that stretch of West 25th, it would be some of the most valuable bus lanes that could be installed in the county. I hope that RTA will work with the city to install the maximum possible length of bus lanes in Ohio City.
4. Lisa Buffo – Cleveland, OH (webform) - I saw report that the Cleveland Clinic is looking to build a \$100M parking garage. I am a Cleveland resident who recently attended a local transit

advocacy meeting where a thorough proposal was put forth regarding adding 2 miles to the blue line from Shaker Square to the Clinic/University Circle. I am curious if this is something RTA has studied or would consider looking into and if there is any communication with the Clinic to contribute those dollars towards transit versus a garage.

5. Chris Martin – Cleveland, OH (webform) - I remain eager to hear from the Board of Trustees on the subject of what their plan is to close the operator shortage, expand service in compliance with their strategic plan, and avoid the agency's looming fiscal cliff.
6. Denise Clinton-Alex – Cleveland, OH (webform) - I would like to know when the next board meeting is for January 2025.

The 2025 schedule was emailed to Denise after the meeting.

7. Loh – Operator training needs to be strengthened to improve staffing. Wi-Fi is not working everywhere and resulting in real time information delays. NOBLE surveyed Paratransit customers and presented to the CAC. Loh suggested the results be shared with the Board.

TITLE/DESCRIPTION: CONTRACT: TRISKETT CNG OPERATIONS AND MAINTENANCE SERVICES		Resolution No.: 2025-6
VENDOR: TRILLIUM TRANSPORTATION FUELS, LLC DBA TRILLIUM CNG		Date: January 16, 2025
AMOUNT: NOT TO EXCEED \$1,080,000.00 FOR A THREE-YEAR PERIOD		Initiator: Triskett District
ACTION REQUEST: <input checked="" type="checkbox"/> Approval <input type="checkbox"/> Review/Comment <input type="checkbox"/> Information Only <input type="checkbox"/> Other _____		

1.0 PURPOSE/SCOPE: This action will allow the Greater Cleveland Regional Transit Authority ("Authority") to enter into an agreement for compressed natural gas ("CNG") operations and maintenance ("O&M") services at the Authority's Triskett bus district ("Triskett") for a period of three years.

2.0 DESCRIPTION/JUSTIFICATION: The Triskett fueling station was installed in late 2020. The original agreement included a three-year O&M service agreement which began in early 2022. Triskett's total fleet is comprised of approximately 136 coaches, of which 63 are fueled by CNG. The remaining diesel coaches will eventually be replaced with CNG coaches as they reach their useful life. Renewal of the O&M service agreement is critical for the fueling station to operate without service interruptions because the fueling station must be readily available 24/7 in order to fuel Triskett's CNG bus fleet and maintain service levels.

3.0 PROCUREMENT BACKGROUND: This non-competitive contract is exempt from competitive procedures, as authorized under R.C. 306.43(H)(6). Trillium Transportation Fuels, LLC dba Trillium CNG is the original installer and O&M service provider for the CNG fueling station at Triskett. The system is monitored and operated by the programmable logic controller ("PLC"). The PLC is a computer that receives and processes data through its inputs and sends operating instructions through its outputs to control and manage the system's internal logic functions. The system's equipment, including the PLC, requires continuous maintenance services and upgrades to continue reliable functionality. The proprietary nature of the fueling station equipment, including the PLC, precludes competition, as changing service providers would result in additional equipment needs and costs, as well as service interruptions which would impede Triskett's ability to fuel its CNG buses.

The Procurement Department requested a proposal from Trillium Transportation Fuels, LLC dba Trillium CNG on December 18, 2024. The proposal was reviewed by representatives from Accounting, Operations and Procurement departments for adherence to the technical requirements.

A cost analysis was performed, and the Procurement Department determined the negotiated rates to be fair and reasonable to the Authority.

4.0 AFFIRMATIVE ACTION/DBE BACKGROUND: All Affirmative Action requirements have been met. A 0% DBE goal was established for this procurement due to the lack of certified DBE firms.

5.0 POLICY IMPACT: Does not apply.

- 6.0 **ECONOMIC IMPACT:** This contract will be funded through the General Fund, Triskett District Department budget, in an amount not to exceed \$1,080,000.00 for a three-year period.
- 7.0 **ALTERNATIVES:** Reject this offer. Rejection of this offer would cause a lapse in the continued operations & maintenance of the Triskett CNG fueling station. This lapse would place the station at risk for breakdowns, impacting the Authority's ability to fuel its CNG buses and provide service to customers.
- 8.0 **RECOMMENDATION:** This procurement was discussed by the Board of Trustees at the January 7, 2025 Organizational, Services & Performance Monitoring committee meeting. It is recommended that the offer from Trillium Transportation Fuels, LLC dba Trillium CNG, as negotiated, be accepted and the resolution adopted authorizing the General Manager, Chief Executive Officer to enter into a contract.

WHEREAS, Trillium Transportation Fuels LLC, dba Trillium CNG developed and utilizes a proprietary programmable logic controller ("PLC") for the servicing and operation of the Triskett CNG fueling station; and

WHEREAS, R.C. 306.43(H)(6) provides that competitive procedures are not required when the purchase substantially involves services of a personal, professional, highly technical, or scientific nature, including but not limited to the services of an attorney, physician, surveyor, appraiser, investigator, court reporter, adjuster, advertising consultant, or licensed broker, or involves the special skills or proprietary knowledge required for the servicing of specialized equipment owned by the regional transit authority; and

WHEREAS, the offer from Trillium Transportation Fuels, LLC dba Trillium CNG, with an office located at 2929 Allen Parkway, Suite 4100, Houston, Texas 77019, to provide O&M services for the Authority's Triskett CNG fueling station in a total contract amount not to exceed \$1,080,000.00 for a three-year period was received on December 30, 2024; and

TITLE/DESCRIPTION: CONTRACT: PROJECT 20.26 – ON-CALL SURVEYING SERVICES – PHASE 7 VENDOR: KS ASSOCIATES, INC. AMOUNT: NOT TO EXCEED \$250,000.00 FOR A PERIOD OF 36 MONTHS	Resolution No.: 2025-7
	Date: January 16, 2025
	Initiator: Engineering & Project Development Department

1.0 **PURPOSE/SCOPE:** This action will allow the Greater Cleveland Regional Transit Authority (“Authority”) to enter into a contract for Project 20.26 – On-Call Surveying Services – Phase 7 for a period of thirty-six (36) months.

2.0 **DESCRIPTION/JUSTIFICATION:** The Authority has the need to obtain on-call professional services such as determining land areas, monument placement for property boundaries, platting and layout of lands, and the preparation of maps, record plats, field note records and property descriptions, legal descriptions, deed research, title searches, and American Land Title Association (“ALTA”) surveys.

In addition, this project will include assisting the Authority’s Property Manager with the sale and purchase of properties by performing such tasks as: land surveys, providing legal descriptions, setting monuments, deed research, title searches, plating of property, and ALTA surveys.

3.0 **PROCUREMENT BACKGROUND:** The Request for Proposals was posted on the Authority’s Procurement website and advertised in the local newspapers. Seven (7) interested parties, including potential subcontractors, downloaded the solicitation package. Services were solicited through a competitive negotiated procurement utilizing the Brooks Act procedures. Under this process, the Authority’s evaluation panel first selects the most technically qualified firm, solicits a pricing proposal from that firm, and negotiates price only with that firm. Should the Authority determine that an agreement could not be reached with the most qualified firm, it may reject that proposal and repeat the process with the next most qualified firm. In this instance, negotiations were held with KS Associates, Inc., the first-ranked firm, and an acceptable price was reached.

KS Associates, Inc. has successfully completed the On-Call Surveying services for the Authority in the past. The Procurement Department performed a cost analysis and determined the proposed pricing to be fair and reasonable to the Authority.

4.0 **AFFIRMATIVE ACTION/DBE BACKGROUND:** All Affirmative Action requirements have been met. A 3% DBE goal was established for this procurement. KS Associates, Inc. has committed to achieving the DBE goal through the utilization of 2LMN, Inc. (Subcontinent Asian male-owned) in the amount of \$12,500.00 and Denise’s Flagging and Construction Services, Inc. (African American female-owned) in the amount of \$7,500.00 for a total of \$20,000.00 or 8%.

5.0 **POLICY IMPACT:** Does not apply.

- 6.0 **ECONOMIC IMPACT:** This contract shall be payable from the RTA Capital and/or RTA Development Funds, Engineering & Project Development Department budget, including but not limited to 100% local funds and FTA Capital Grants to be determined, in an amount not to exceed \$250,000.00 for a period of 36 months. This is the budgeted amount for this project.
- 7.0 **ALTERNATIVES:** Reject this offer. Rejection of this offer would leave the Authority without the technical expertise of a professional surveying firm and would create undue hardship for the Authority's Engineering Department due to its existing workload.
- 8.0 **RECOMMENDATION:** This procurement was discussed by the Board of Trustees at the January 7, 2025 Operational Planning & Infrastructure Committee meeting. It is recommended that the offer from KS Associates, Inc. be accepted and the resolution adopted authorizing the General Manager, Chief Executive Officer to enter into a contract.

- 1.0 **PURPOSE, SCOPE:** This action will allow the Greater Cleveland Regional Transit Authority ("Authority") to increase Contract No. 2023-155, Project 52N – Tower City East Portal Rehabilitation and reinstate the General Manager, Chief Executive Officer's change order signing authority.
- 2.0 **DESCRIPTION, JUSTIFICATION:** This change order is necessary for the removal of ballast and all exposed drainage structures, replacing corroded lids, and rebuilding access to grade, including specialized risers. Reconstruction of lids and risers will improve sub-ballast drainage, ease future drainage maintenance access without the need for ballast removal, and extend the life of the track system.
- 3.0 **PROCUREMENT BACKGROUND:** On January 23, 2024, the Board of Trustees, by Resolution No. 2024-6, authorized a contract with The Great Lakes Construction Co. to perform construction services for the Tower City Portal Rehabilitation in the amount of \$15,739,633.00. Change orders to date total \$470,830.72, resulting in a current contract total amount of \$16,210,463.72.

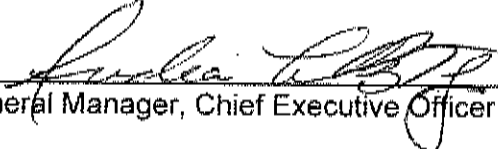

The need to repair the drainage structures and install new lids and risers will require the Authority to increase the cost of the contract with The Great Lakes Construction Co. in an amount not to exceed \$98,554.40, resulting in a new contract total amount of \$16,309,018.12. This change order will cause the total change order amount to exceed the General Manager, Chief Executive Officer's \$500,000.00 change order signing authority limit. This action also seeks reinstatement of the General Manager, Chief Executive Officer's change order signing authority. A Change Order Log is attached as reference.

This change order was reviewed and recommended by the Change Order Committee.

- 4.0 **AFFIRMATIVE ACTION/DBE BACKGROUND:** All Affirmative Action requirements have been met. A 19% DBE goal was established for this procurement and will not increase as a result of this change order. The Great Lakes Construction Co. has agreed to maintain the established DBE participation goal as contracted through the use of its existing DBE firms.
- 5.0 **POLICY IMPACT:** Does not apply.
- 6.0 **ECONOMIC IMPACT:** This change order shall be payable from the RTA Development Fund, Engineering & Project Development Department budget, including, but not limited to, Capital Grant OH-2019-037-307 in an amount not to exceed \$98,554.40 (\$78,843.52 in federal funds which represent 80% of the total cost), for a new contract total amount of \$16,309,018.12.

- 7.0 ALTERNATIVES: Rejecting this change order would mean that the drainage system remains in a state of disrepair, leading to a heightened risk of flooding in the East Portal.
- 8.0 RECOMMENDATION: This change order was discussed by the Board of Trustees at the January 7, 2025 Operational Planning & Infrastructure Committee meeting. It is recommended that this change order be accepted and the resolution adopted authorizing the General Manager, Chief Executive Officer to modify the contract.

TITLE/DESCRIPTION: CONTRACT: HASTUS SOFTWARE HOSTING VENDOR: GIRO, INC. AMOUNT: NOT TO EXCEED \$213,744.00 FOR A PERIOD OF ONE YEAR	Resolution No.: 2025-17
	Date: January 16, 2025
	Initiator: Information Technology Department
ACTION REQUEST: <input checked="" type="checkbox"/> Approval <input type="checkbox"/> Review/Comment <input type="checkbox"/> Information Only <input type="checkbox"/> Other _____	

- 1.0 **PURPOSE/SCOPE:** This action will allow the Greater Cleveland Regional Transit Authority ("Authority") to enter into a contract with GIRO, Inc. ("GIRO") to continue providing offsite hosting services for the Authority's dispatch, operator self-service, and scheduling software ("HASTUS") for a period of one year.
- 2.0 **DESCRIPTION/JUSTIFICATION:** The Authority relies on its HASTUS software to manage operator work performance, scheduling, daily work and payroll. The software was implemented in 2012. The Authority hosted and maintained the servers, operating systems, and databases for HASTUS from 2012-2023. Maintaining the HASTUS system internally created a burden on resources and exposed the Authority to risks associated with having a single point of failure. Utilizing GIRO to host the software offsite frees up critical resources and provides for a more redundant and reliable solution.
- 3.0 **PROCUREMENT BACKGROUND:** R.C. 306.43(H)(3) provides that competitive procedures are not required when the expenditure is for a renewal or renegotiation of a lease or license for telecommunications or electronic data processing equipment, services, or systems, or for the upgrade of such equipment, services, or systems, or for the maintenance thereof, as supplied by the original source or its successors or assigns. GIRO is the original provider of the Authority's HASTUS software and developed the software on a proprietary basis, thereby making GIRO the only source for providing modifications, development or maintenance services for the software. The Authority has an ongoing need to have its HASTUS software hosted.

The Procurement Department requested a proposal from GIRO on November 21, 2024. GIRO offered to provide dispatch, operator self-service, and scheduling software hosting services for the Authority's HASTUS software for a period of one year in a total contract amount not to exceed \$213,744.00. The Information Technology, Intelligent Transportation Systems and Procurement Departments reviewed the proposal for adherence to the technical requirements. The proposal submitted by GIRO, as negotiated, is approximately 2% below the independent cost estimate of \$218,000.00, which was based on historical pricing.

A cost analysis has been performed, and the Procurement Department has determined that the negotiated price is fair and reasonable to the Authority.

- 4.0 **AFFIRMATIVE ACTION/DBE BACKGROUND:** All Affirmative Action requirements have been met. A 0% DBE goal was established for this procurement due to the lack of certified DBE firms.
- 5.0 **POLICY IMPACT:** Does not apply.

- 6.0 **ECONOMIC IMPACT:** This contract shall be payable through the General Fund, Information Technology Department budget, in an amount not to exceed \$213,744.00 for a period of one year.
- 7.0 **ALTERNATIVES:** Reject this offer. Rejection of this offer would leave the Authority's HASTUS software application susceptible to potential downtime which could impact the Authority's ability to manage operator work performance, scheduling, daily work and payroll.
- 8.0 **RECOMMENDATION:** It is recommended that the offer from GIRO be accepted and the resolution adopted authorizing the General Manager, Chief Executive Officer to enter into a contract.
- 9.0 **ATTACHMENTS:** None

Recommended and certified as appropriate to the availability of funds, legal form and conformance with the Procurement requirements.

RESOLUTION NO. 2025-17

AUTHORIZING CONTRACT NO. 2024-219 WITH GIRO, INC. TO PROVIDE HASTUS SOFTWARE HOSTING SERVICES FOR A PERIOD OF ONE YEAR IN AN AMOUNT NOT TO EXCEED \$213,744.00 (GENERAL FUND, INFORMATION TECHNOLOGY DEPARTMENT BUDGET)

WHEREAS, the Greater Cleveland Regional Transit Authority ("Authority") currently utilizes GIRO, Inc. ("GIRO") licensed proprietary products ("HASTUS") for its bid dispatch, operator self-service, and scheduling software applications; and

WHEREAS, the HASTUS software is proprietary to GIRO, the original provider and installer of this software; and

WHEREAS, the Authority transitioned its HASTUS software applications from on-premise to a hosted solution through GIRO in 2023; and

WHEREAS, GIRO has offered to continue to provide hosting services for the Authority's HASTUS bid dispatch, operator self-service, and scheduling software applications; and

WHEREAS, R.C. 306.43(H)(3) provides that competitive procedures are not required when the expenditure is for a renewal or renegotiation of a lease or license for telecommunications or electronic data processing equipment, services, or systems, or for the upgrade of such equipment, services, or systems, or for the maintenance thereof as supplied by the original source or its successors or assigns; and

WHEREAS, the offer from GIRO, located at 75 Port-Royal Street East, Suite 500, Montreal, QC H3L 3T1, Canada, to provide HASTUS hosting services for one year at a total price not to exceed \$213,744.00 was agreed upon; and

WHEREAS, the General Manager, Chief Executive Officer deems the offer from GIRO, as negotiated, to provide hosting services for the Authority's HASTUS software applications for a period of one year, to be in the best interest of the Authority and recommends acceptance thereof by the Board of Trustees.

NOW, THEREFORE, BE IT RESOLVED by the Board of Trustees of the Greater Cleveland Regional Transit Authority, Cuyahoga County, Ohio:

Section 1. That the offer from GIRO, as negotiated, to provide hosting services for the Authority's HASTUS software applications for a period of one year be and the same is hereby accepted.

Section 2. That the General Manager, Chief Executive Officer of the Authority be and she is hereby authorized to enter into a contract with GIRO, as negotiated, to provide hosting services for the Authority's HASTUS software applications for a period of one year.

Section 3. That said contract will be funded through the RTA General Fund, Information Technology Department budget, in a total contract amount not to exceed \$213,744.00 for a period of one year.

Section 4. That said contract shall be binding upon and an obligation of the Authority contingent upon compliance by the contractor to the specifications and addenda, if any; the Affirmative Action Plan adopted by the Board of Trustees; bonding and insurance requirements and all applicable laws relating to contractual obligations of the Authority.

Section 5. That the Authority's Board of Trustees expects that GIRO will attempt to exceed the 0% DBE goal assigned to this procurement.

Section 6. That this resolution shall become effective immediately upon its adoption.

(“Motorola”) radio equipment and applicable software for audio communications on its fixed route bus, Paratransit, and Rail vehicles as well as within Dispatch and Transit Police. Maintenance is vital for keeping the communications system functional at all times.
- 3.0 **PROCUREMENT BACKGROUND:** R.C. 306.43(H)(3) provides that competitive procedures are not required when the expenditure is for a renewal or renegotiation of a lease or license for telecommunications or electronic data processing equipment, services, or systems, or for the upgrade of such equipment, services, or systems, or for the maintenance thereof, as supplied by the original source or its successors or assigns. - 1.0 **PURPOSE/SCOPE:** This action will allow the Greater Cleveland Regional Transit Authority ("Authority") to enter into a negotiated agreement with Trapeze Software Group, Inc. ("Trapeze") to provide its "PASS" mobile application module, including licensing and implementation services.
- 2.0 **DESCRIPTION/JUSTIFICATION:** The Authority currently utilizes the Trapeze PASS application to aid its Paratransit customers. The purpose of this project is to implement a mobile application compatible with Android and iOS devices that will allow customers to track their rides and cancel trips independently. This solution will improve operations and service efficiency, as well as provide for an enhanced customer experience. The mobile application will also allow the Authority to implement technology that will align it with industry standards comparable to other peer transit agencies.
- 3.0 **PROCUREMENT BACKGROUND:** R.C. 306.43(H)(3) provides that competitive procedures are not required when the expenditure is for a renewal or renegotiation of a lease or license for telecommunications or electronic data processing equipment, services, or systems, or for the upgrade of such equipment, services, or systems, or for the maintenance thereof, as supplied by the original source or its successors or assigns. Trapeze is the original provider of the Authority's PASS mobile application and developed the software on a proprietary basis, thereby making Trapeze the only source for providing modifications, development or maintenance services for the software.

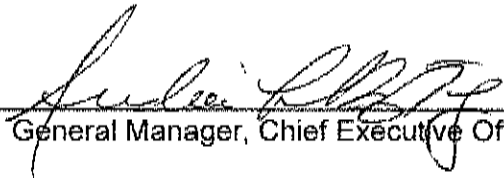

The Procurement Department received a proposal from Trapeze on October 24, 2024. Trapeze offered to provide and implement the PASS mobile application module at a total contract amount not to exceed \$170,922.00. The proposal submitted by Trapeze, as negotiated, is approximately 2% below the independent cost estimate of \$275,000.00.

A cost analysis has been performed, and the Procurement Department has determined that the price is fair and reasonable to the Authority.

- 4.0 **AFFIRMATIVE ACTION/DBE BACKGROUND:** All Affirmative Action requirements have been met. A 0% DBE goal was established for procurement due to the lack of certified DBE firms.
- 5.0 **POLICY IMPACT:** Does not apply.

- 7.0 **ALTERNATIVES:** Reject this offer. Rejection of this offer would prevent or delay the Authority's ability to provide its Paratransit customers access to the Trapeze PASS mobile application and the benefits the application will provide.
- 8.0 **RECOMMENDATION:** This procurement was discussed by the Board of Trustees at the January 7, 2025 Organizational, Services & Performance Monitoring Committee meeting. - 1.0 PURPOSE/SCOPE: The resolution seeks approval for the Greater Cleveland Regional Transit Authority ("Authority") to enter into a Purchase and Sale Agreement with Flaherty & Collins Development, LLC ("FC") for the proposed sale of 1.35 acres of excess real property primarily comprised of Cuyahoga County Permanent Parcel Number 001-32-012 at 10300 Detroit Avenue, Cleveland, OH 44102, which is adjacent to the West Boulevard-Cudell Red Line Rapid Transit Station. This Purchase and Sale Agreement will sell the 1.35 acre parcel to FC. This allows FC to apply to the City of Cleveland for any project permits and entitlements that are needed to advance the residential transit-oriented development ("TOD") project to the construction phase. This proposed property sale will remove excess real property from the Authority's real property inventory and promote TOD on vacant land.
- 2.0 DESCRIPTION/JUSTIFICATION: The Authority acquired this property from the City of Cleveland in 1975 via the Mass Transit System Transfer Agreement of 1975 which transferred the assets of the Cleveland Transit System to the Authority. The site offered for sale is vacant land and has been listed on the Authority's Excess Real Property Inventory and Utilization Plan since 2016. Sale of this property will not adversely affect rail operations and will promote a TOD project immediately adjacent to a busy rail station.

A residential TOD was determined to be the highest and best use for this excess property to promote the TOD and economic development goals and objectives of the Authority. The TOD project will enhance transit ridership and the value of the existing real estate assets at the West Boulevard-Cudell Rapid Transit Station.

FC intends to develop a 62-unit affordable housing project on this 1.35-acre site.

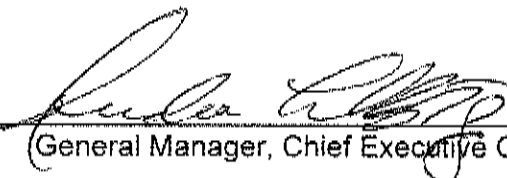

To facilitate FC's efforts to secure project financing, the Authority executed an Option Agreement for the sale of the property with FC on November 16, 2022. This action was authorized by Resolution 2022-97 adopted by the Board of Trustees on October 25, 2022. The Authority set the current purchase price after confirmation of fair market value by MAI appraisal report and review appraisal report.

This proposed property sale will not inhibit the operation of the West Boulevard-Cudell Rapid Transit Station. It will promote the TOD and economic development goals and objectives of the Authority. It will also promote increased ridership for the Authority since FC will execute a Transit Fare Agreement with GCRTA and provide a transit pass with each apartment unit. Additionally, FC will grant the Authority a permanent easement across the property for the purpose of accessing the Red Line tracks that run adjacent to the project property.

FC, based in Indianapolis, IN, is a nationally known developer of multi-family housing projects. FC has both experience and current development activity in northeast Ohio.

- 3.0 PROCUREMENT BACKGROUND: Does not apply.
- 4.0 DBE/AFFIRMATIVE ACTION BACKGROUND: Does not apply.
- 5.0 POLICY IMPACT: The proposed Purchase and Sale Agreement is consistent with the Real Estate and TOD Policies of the Authority.
- 6.0 ECONOMIC IMPACT: The purchase price of \$150,000.00 was established after an MAI appraisal and review appraisal of fair market value for the property. This property sale will also reduce the Authority's operating costs, eliminating current expenses for maintaining the property.
- 7.0 ALTERNATIVES: The Authority can refuse to enter into a Purchase and Agreement with FC for Permanent Parcel Number 001-32-012 and continue to maintain the property and market the property for TOD.
- 8.0 RECOMMENDATION: Staff recommends approval of the proposed Purchase and Sale Agreement with FC to support the initiation of a TOD project on the subject parcel.

Purchaser is purchasing:

- a. All of Seller's right, title, and interest in the Property described as Parcel A on Exhibit A, which is attached to and incorporated into this Agreement;
- b. All of Seller's right, title, and interest in any improvements affixed to the Property; and
- c. All rights, privileges, entitlements, easements, and appurtenances pertaining to the Property and improvements, including any right, title, and interest of Seller in and to adjacent streets, alleys, or rights-of-way.

Purchaser acknowledges the sale of Property is subject to approval by the Federal Transit Administration and Seller's Board of Trustees (the "Required Approvals"). Seller acknowledges that if the Required Approvals has not been obtained on or before the Closing Date (hereinafter defined), as the same may be extended by mutual agreement of the parties, this Agreement will terminate and any earnest money paid by Purchaser shall be returned upon demand.

ARTICLE 2 – PURCHASE PRICE AND EARNEST MONEY AND ADDITIONAL CONSIDERATION

A. The total purchase price for the Property ("Purchase Price") shall be One Hundred Fifty Thousand & 00/100 Dollars (\$150,000.00) payable in cash on the Closing Date. On or before the Closing Date, Purchaser shall deposit the Purchase Price in escrow with Kensington

Vanguard National Land Services ("Escrow Agent" and "Title Company"), 450 E. 96th Street, Suite 500, Indianapolis, IN 46260 Attention: Monica Chavez, (317) 810-2631.

B. Upon execution of this Agreement by Seller, Purchaser shall deposit Five Thousand & 00/100 Dollars (\$5,000.00) into an escrow account with the Escrow Agent as earnest money (the "Deposit"), to be credited against the Purchase Price at Closing. The Deposit shall be deposited into a federally insured account. The Deposit shall only be returned to the Purchaser if: (1) the Seller does not attain the Required Approvals; (2) Seller does not satisfactorily resolve an objection to a title exception, pursuant to Article 4.C.(i), below; (3) Seller does not obtain the release or modification of any Leases affecting the Property, pursuant to Article 4.D. below; or (4) Purchaser terminates the transaction pursuant to Article 5.B. below. If this transaction is not consummated for any reason other than set forth above, the Deposit shall be disbursed to the Seller.

C. As additional consideration for the purchase, the Parties agrees that:

1. Purchaser will grant Seller a perpetual easement across the Property for the purpose of allowing Seller to access its transit rail infrastructure that is adjacent to the Property. The easement will be consistent with the draft easement attached hereto as **Exhibit B**.
2. Purchaser will purchase one transit pass for each apartment unit in the Project which will be constructed on the Property; this commitment will be further set forth in the draft Transit Fare Agreement attached hereto as **Exhibit C**.
3. The Parties will cooperate in good faith to prepare, execute, record or otherwise file the documents necessary to accomplish any lot splits or consolidations needed to assemble the Property for Purchaser's planned development and to divide it from the Seller's transit rail property, as well as any documents needed for the perpetual easement and transit pass commitment that are described in this Article 2.

ARTICLE 3 – PURCHASER'S INSPECTIONS/INDEMNIFICATION/SELLER'S DELIVERIES

- A. Seller shall arrange access, at mutually agreeable dates and times, to all areas of the Property to enable Purchaser and its agents to enter the Property and to conduct inspections, tests, borings, or surveys. In the event that this transaction does not close, then the Purchaser shall repair any damage to the Property caused by the Purchaser's investigation, tests and/or studies.
- B. The Purchaser hereby indemnifies and holds harmless the Seller, Seller's officers, agents, employees, successors and assigns from any and all claims, loss, cost, damages, expense and liability, including attorneys' fees, for or from loss of life or damage or injury to any person or property of any person, including, without limitation, the agents, employees, invitees and licensees of either of the parties arising out of, connected with or incidental to, either directly or indirectly, with Purchaser's entry, investigation, testing or assessment of the Property during this right of entry.
- C. Purchaser shall require its contractors, subcontractors and agents to defend, indemnify and hold harmless the Seller, Seller's officers, agents, employees, successors and assigns from any and all claims, loss, cost, damages, expense and liability, including attorneys' fees, for or from loss of life or damage or injury to any person or property of any person, including, without limitation, the agents,

employees, invitees and licensees of either of the parties arising out of, connected with or incidental to, either directly or indirectly, with their own entry, investigation, testing or assessment of the Property during this right of entry.

D. The foregoing indemnification provision shall survive the termination of this Agreement.

E. Within thirty (30) days of the Effective Date, Seller shall deliver to Purchaser the following documents or information that are within Seller's possession or control ("Seller's Deliveries"):

1. A copy of Seller's current title policy if one exists;
2. Any environmental or geotechnical reports, wetlands study, tree studies and/or surveys, wetlands documentation, flood plain, drainage, road improvement, utility construction or other documents pertaining to the condition of the Property in the custody and control of the Seller;
3. The identity of any party who has any environmental or geotechnical reports, wetlands study, tree studies and/or surveys, wetlands documentation, flood plain, drainage, road improvement, utility construction or other documents pertaining to the condition of the Property that is not in the possession or control of Seller, to the extent that the identity of such party is known to Seller; and
4. A copy of any existing survey of the Property.

Seller shall use commercially reasonable efforts to secure the foregoing Seller's Deliveries from all vendors who have prepared them on behalf of Seller. In the event it is determined during the Study Period (as defined in Article 5) that Seller has not timely furnished any of the above Seller's Deliveries, the Study Period shall be extended by the number of days such delivery was delayed.

ARTICLE 4 – TITLE TO PREMISES

A. Seller shall convey insurable (with all standard exceptions deleted provided Purchaser, at Purchaser's cost, obtains an acceptable Survey as defined herein) and marketable title to the Property to Purchaser by Quitclaim Deed, to be prepared by Seller and subject to Purchaser's approval (the "Deed").

B. On or before ten (10) days after the Effective Date, Purchaser at Purchaser's cost shall obtain a commitment ("Commitment") issued by Escrow Agent for an ALTA Owner's Title Insurance Policy Form 2006 ("Title Policy") in an amount equal to the Purchase Price showing title to the Property in Seller and naming Purchaser as the proposed insured. The Commitment shall be accompanied by copies of all documents listed as exceptions to title or otherwise affecting title to the Property. Purchaser may also, at Purchaser's cost, obtain an ALTA survey ("Survey") prior to the expiration of the initial Study Period, which shows the location of the Property and all easements, rights of way and other matters contained in the Schedule B exceptions to the Commitment that are capable of being shown on the Survey (the Survey and all documents evidencing exceptions to title are hereinafter referred to as the "Related Documents").

C. Purchaser shall have thirty (30) days after receipt of the Commitment and Related Documents to review title to the Property. If Purchaser notifies Seller that it does not approve of any title exceptions within said thirty (30) day period, Seller shall then have thirty (30) days from

such notice in which to resolve such objections and shall undertake to do so in good faith, but shall not be required to do so except for the discharge at Closing of liens as defined below. If Seller does not satisfactorily resolve such objections within thirty (30) days, then Purchaser, at its option, may either (i) terminate this Agreement within fifteen (15) days from receipt of Seller's notice such that such objection has not been resolved, in which event the Deposit shall be paid to Purchaser, Seller shall pay escrow and title charges incurred to date, and thereupon the parties shall be relieved of all further obligations hereunder, or (ii) waive the objection and accept title at Closing with such objection, without any reduction in the Purchase Price and such objections then being deemed additional Permitted Exceptions. Purchaser's review shall be limited to assuring that title exceptions will not materially and adversely affect Purchaser's intended use of the Property and will not be objectionable to Purchaser's lender or equity investor. Notwithstanding any other provision in this Agreement to the contrary, Purchaser shall not be required to give Seller notice to cure or remove any mortgage lien, security interest, judgment, personal property tax, mechanics or other lien capable of cure by payment of a liquidated sum (a "Lien"), as Purchaser shall be deemed to have objected to such Liens and Seller shall be unconditionally obligated, at its expense, to cause such Liens to be released of record on or before the Closing Date. Although Purchaser is given additional days for the Study Period and Approval Period (see Section 5 below), Purchaser may not seek to resolve title exceptions more than thirty (30) days after receipt of the Commitment and Related Documents.

D. If there are oil or gas leases or billboard/outdoor advertising leases affecting the Property (collectively, "Leases"), and Purchaser objects to them, Seller covenants and agrees, without cost to Purchaser, to use its best efforts to either: (i) cause the Leases to be released of record insofar as they pertain to the Property; or (ii) cause any oil or gas Leases to be modified of record such that no entry upon the surface of the Property is permissible by the lessees thereunder and no slant drilling from lands adjacent to the Property will be permissible; provided, however, that the lessees under any oil or gas Leases may include the land for purposes of unitization. In the event such best efforts on the part of Seller are not successful within thirty (30) days after receipt of Purchaser's notice objecting to them, then, unless Purchaser waives any objections to the status of the Leases or the parties otherwise agree, Purchaser may terminate this Agreement and (i) the Deposit shall be returned to Purchaser; (ii) Purchaser shall pay all Escrow costs incurred to date; and (iii) neither party shall have any other obligation with respect to this Agreement.

E. From and after the date of execution of this Agreement by Seller, Seller shall not:

1. Permit any third party to adversely affect Seller's title to the Property and will not permit any new or additional exceptions to title to be created except those that will be removed at or prior to the Closing Date; or
2. Enter into any contracts or agreements pertaining to the Property that are not cancelable upon thirty (30) days' notice.

ARTICLE 5 – CLOSING DATE/STUDY PERIOD/CONDITIONS

A. The Closing Date shall be sixty (60) days after expiration of Purchaser's Approval Period as defined in this Article 5, Section C below. Seller shall deliver the Property to Purchaser at Closing free and clear of all tenancies. Purchaser in its sole discretion may waive or shorten the Study Period and/or Approval Period upon written notice to Seller, and the Closing Date shall

be determined accordingly, subject to Seller obtaining the Required Approvals prior to the proposed Closing Date.

B. Purchaser shall have a ninety (90) day study period ("Study Period") beginning on the Effective Date, during which Purchaser may investigate and evaluate the potential of the Property for the Purchaser's desired uses, including but not limited to zoning, municipal approvals, environmental issues, geotechnical issues and engineering studies. Purchaser shall diligently and in good faith pursue such investigation and evaluation during the Study Period. If during the Study Period Purchaser determines that, for any reason, the Property is not suitable for Purchaser's purpose, Purchaser may in its sole discretion, terminate this transaction and (i) thereupon this Agreement shall be null and void and neither party shall have any further rights or obligations hereunder, except for those rights and obligations that, by their terms, expressly survive any such termination, and (ii) the Deposit shall be returned to Purchaser, but Purchaser shall pay all escrow and title charges incurred to date, and any costs and expenses incurred in connection with obtaining a Survey, costs related to the preparation and approval of the Plat of Lot Split creating the Property and costs and expenses related to zoning for the Project. In the event Purchaser does not elect to terminate this transaction at the end of the Study Period, Purchaser shall be deemed to have waived its right to terminate based on environmental issues, geotechnical issues and engineering studies, title, and survey. Upon expiration of the Study Period, Purchaser shall have the right to post a development sign on the Property.

C. Purchaser shall have a ninety (90) day approval period ("Approval Period") beginning on the expiration of the Study Period if Purchaser has not terminated this Agreement in which to further obtain all necessary governmental approvals for Purchaser's proposed use as the Project.

ARTICLE 6 – TAXES AND ASSESSMENTS

As of the date of Closing, the Escrow Agent shall prorate between Seller and Purchaser all real estate taxes ("Taxes") levied against the Property according to the most recent tax bill for the Property, which proration shall be binding on both Seller and Purchaser, absent manifest error. Seller shall be responsible for any general and special assessments levied against the Property prior to Closing.

ARTICLE 7 – REPRESENTATIONS, WARRANTIES AND COVENANTS

A. As a material inducement for Purchaser to enter into this Agreement, Seller represents, warrants and covenants as follows:

1. Fee simple ownership of the Property is vested solely in Seller and no other party has an interest in the Property, the Property shall be delivered at Closing free and clear of all tenancies;
2. No legal actions or administrative proceedings of any type (including condemnation or similar proceedings) are pending or (to the best of Seller's actual knowledge) threatened against the Property;
3. Subject to the limitations set forth above, and subject to receipt of the Required Approvals, Seller has all necessary power and authority to

execute this Agreement, perform all of its obligations hereunder and convey the Property;

4. Seller has no knowledge and has not received notice of any violations of any law, statute, ordinance, or other governmental regulation by or affecting the Property; and
5. On the Closing Date there will be no outstanding contracts made by Seller for any improvements to the Property that have not been fully paid for and Seller shall cause to be discharged all mechanics or materialmen liens arising from any labor or materials furnished to the Property prior to the Closing Date.

B. The representations and warranties set forth in Article 7.A are true and correct on the Effective Date, shall be true and correct on the Closing Date, and shall survive the Closing.

C. As a material inducement for Seller to enter into this Agreement, Purchaser represents and warrants that Purchaser has all necessary power and authority and no consent of any third party is required for Purchaser to execute this Agreement, perform all of its obligations hereunder and purchase the Property.

D. Except as otherwise expressly set forth herein, the Purchaser acknowledges that:

1. the Seller has made no representation or warranty of any kind with respect to the Property, including, without limitation, the use to which it may be put or the condition, environmental or otherwise, of the Property; and
2. It is relying upon its own investigations, tests and studies with respect to the condition, environmental or otherwise of the Property and agrees to accept the Property in its "as is, where is, with all faults" condition on the Closing Date, in accordance with Article 3.

ARTICLE 8 – CLOSING AND ESCROW CHARGES

A. At such time as the Escrow Agent has in its possession all funds representing the Purchase Price and all documents required from Purchaser and Seller, Escrow Agent shall file the Deed for record. The escrow shall be subject to the Escrow Agent's standard conditions of acceptance, except that if there is any conflict or inconsistency between the Escrow Agent's standard conditions and the terms and provisions of this Agreement, the terms and provisions of this Agreement shall govern.

B. The Escrow Agent shall deliver to Purchaser the Deed, Purchaser's title insurance policy, other documents due Purchaser, and all funds remaining to the credit of Purchaser after charging Purchaser with:

1. Any amounts that are required to satisfy any outstanding Liens; and
2. Amounts due Purchaser by reason of prorations hereunder.

ARTICLE 9 – BROKER

Purchaser and Seller warrant and represent each to the other that neither has dealt with any real estate broker or finder in connection with this transaction. Purchaser and Seller agree to hold each other harmless against all claims for brokerage commissions or fees and/or finder's fees made by a person or firm, other than as disclosed herein, claiming (i) to have been retained by the indemnifying party, or (ii) to be the procuring cause of this transaction due to any act or authorization of the indemnifying party. This hold harmless shall survive the Closing of this transaction or the termination of this Agreement.

ARTICLE 10 – REMEDIES

A. If Seller breaches any of its covenants, agreements, representations, or warranties, then provided such breach has not been cured within fifteen (15) days after written notice thereof, Purchaser may declare this Agreement terminated, the Deposit shall be returned to Purchaser, all title and escrow costs shall be paid by Seller and thereafter the parties shall be released of all further liability hereunder. The Purchaser specifically waives any other legal or equitable remedy.

B. In the event Purchaser defaults in its obligations and provided such default has not been cured within fifteen (15) days after written notice thereof, then this Agreement shall terminate and Purchaser shall pay all title and escrow charges incurred, the Earnest Money and all Extension Payments, if any, shall be paid to Seller as final and liquidated damages, the Seller specifically waiving any other legal or equitable remedy and all other rights and obligations of the parties hereunder shall automatically be terminated.

Subject: CONTRACT FOR SALE OF 0.0003 ACRES OF LAND TO THE CITY OF
TWINSBURG FOR THE PUBLIC PURPOSE OF HIGHWAY CONSTRUCTION
AND WARRANTY DEED CONVEYING THE SAME

GCRTA is the owner of a 0.50-acre parcel of real property located at 26480 Broadway Avenue, Oakwood, Ohio which serves as a bus loop and layover. GCRTA recently received notice from the City of Twinsburg that a very small portion of this property will be needed for the purposes of a highway widening, specifically the construction of traffic lanes, curbs, sidewalks and ancillary installations known as the "SUM Ravenna/Shepard/Broadway" Project. Please refer to the attached location maps and Plan Sheet, which depicts the parcel to be sold as a small green triangle adjacent to the right of way.

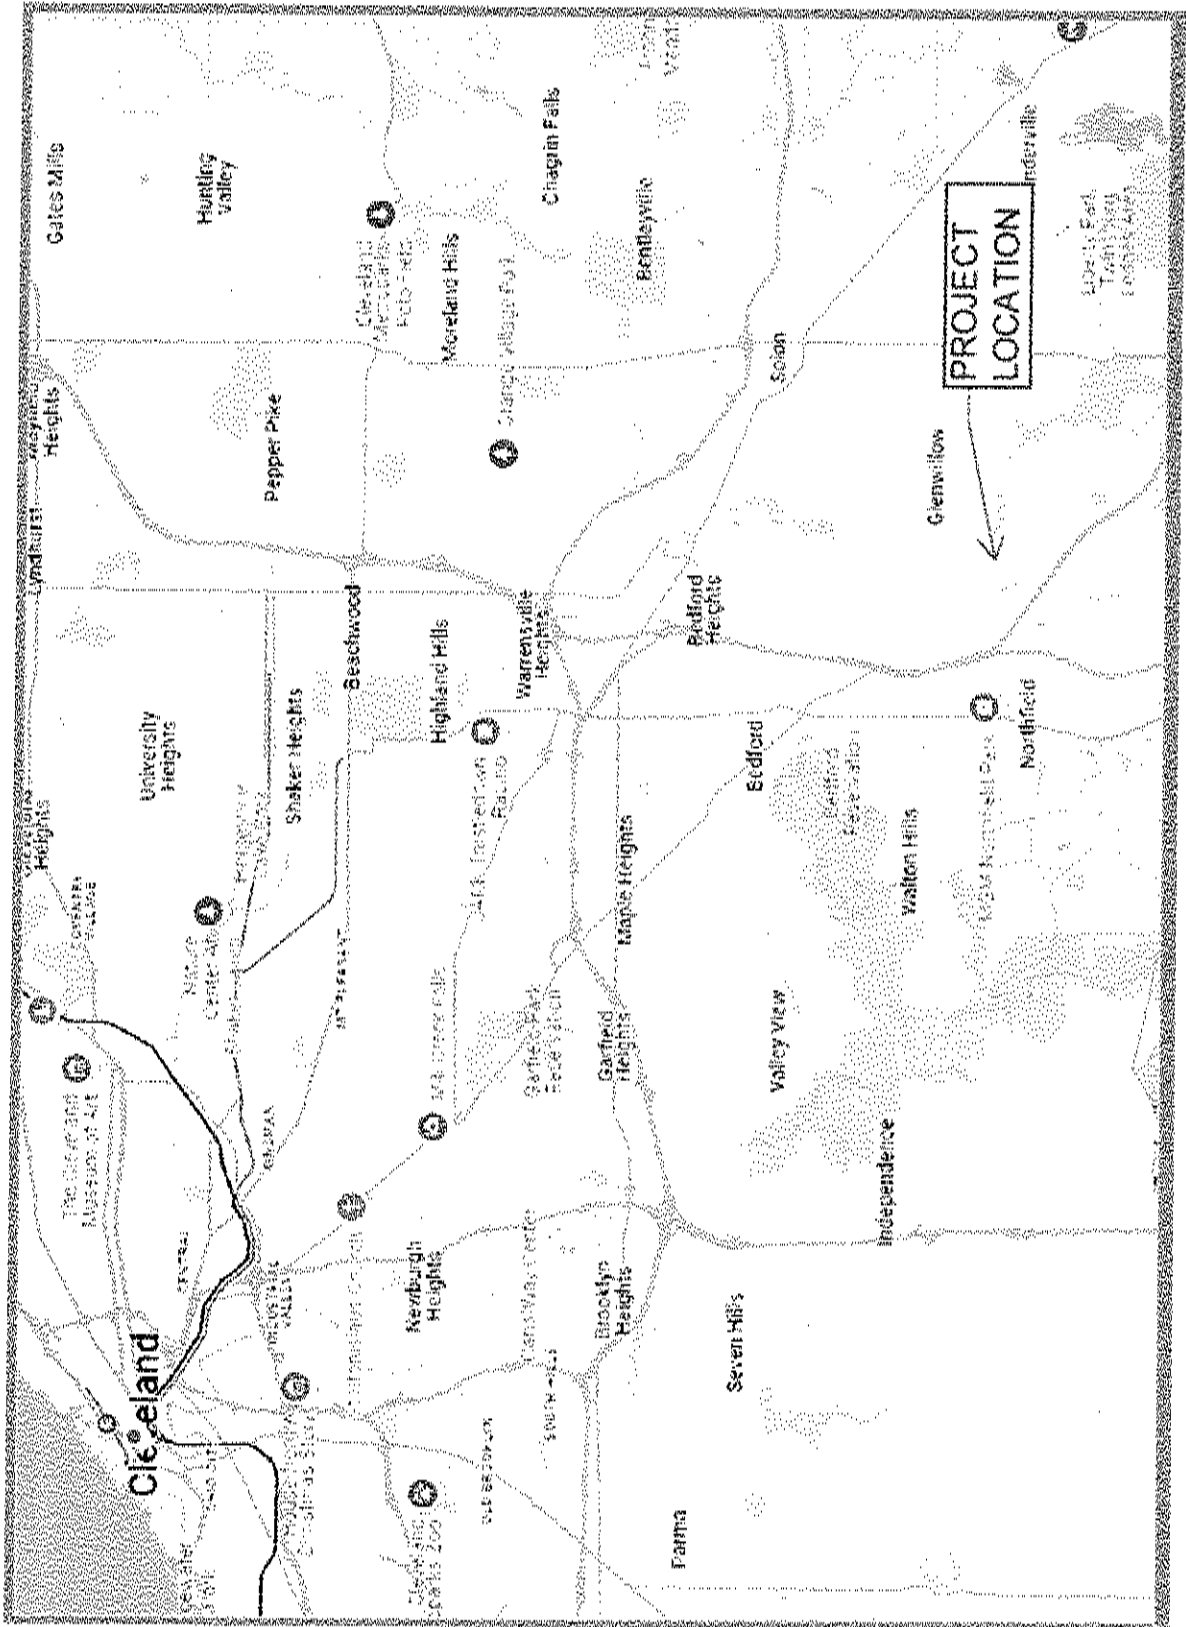

The project requires the taking by appropriation of an eleven (11) square foot (0.0003 acres) portion of the GCRTA property in the southeast corner of the property. The portion we propose to convey to the City of Twinsburg is a small grassy area and is not necessary for the operation of the bus loop. In accordance with state law, the City of Twinsburg has made an offer to purchase the property needed for the project.

The property to be sold has been appraised at a total value of \$25.00 by an independent appraiser retained by the City of Twinsburg. Staff have reviewed the appraisal and concluded there is no reason to challenge or contest its conclusions. By law, the minimum compensation for this acquisition is \$300.00.

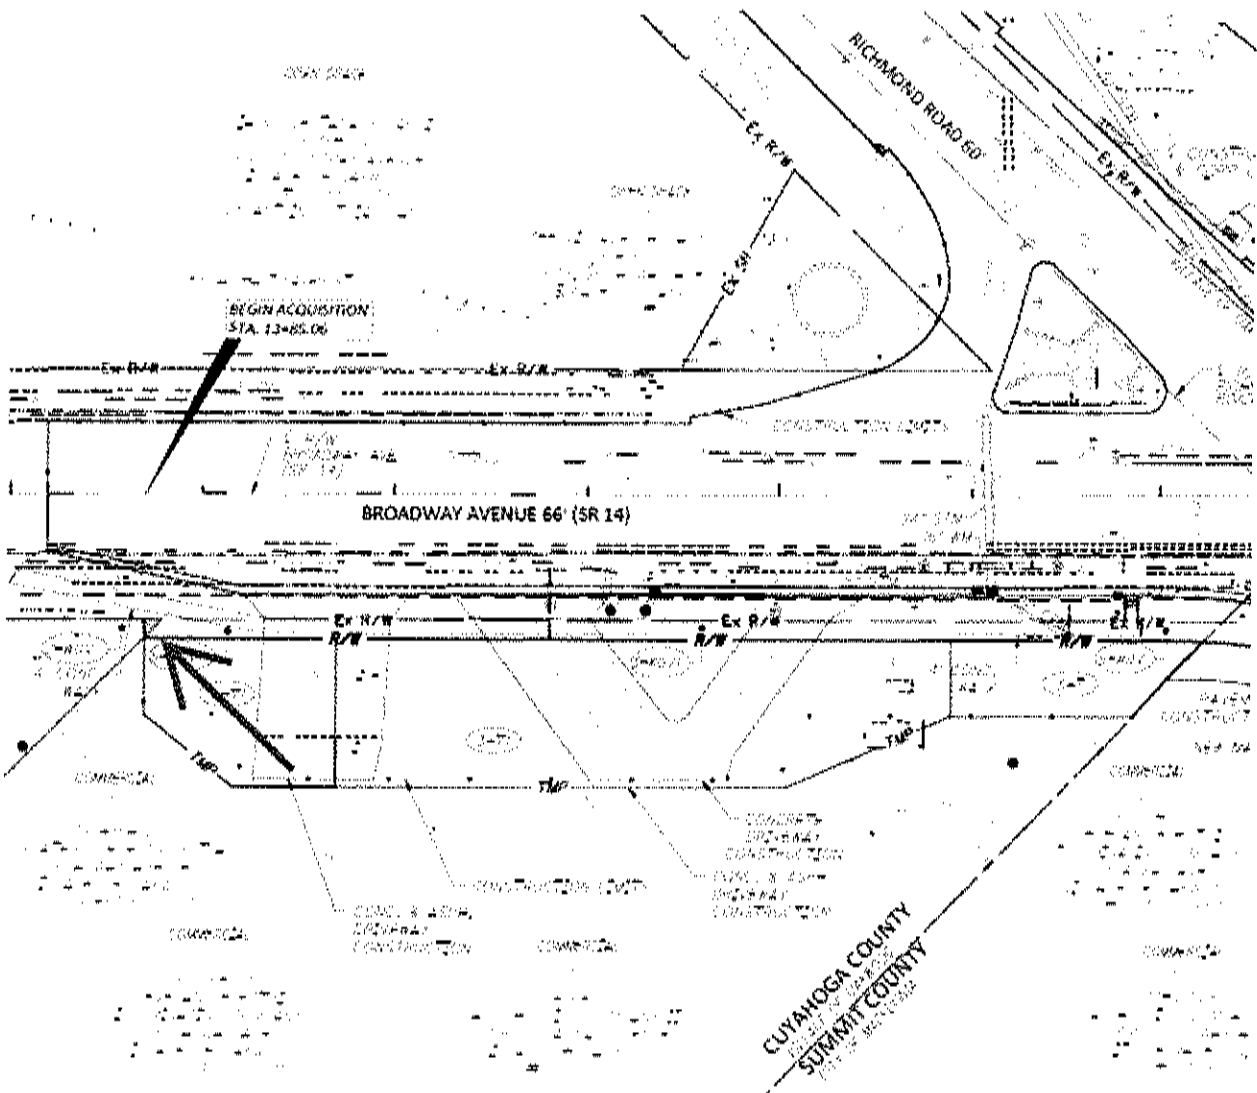

All notices and submittals from the City of Twinsburg are consistent with the applicable provisions of the Ohio Revised Code. This action is consistent with Authority Policies and Procedures governing the disposition of interests in real estate.

Please call me if you have any questions or require additional information prior to Tuesday's meeting.

CONTRACT FOR SALE AND PURCHASE OF REAL PROPERTY WITHOUT BUILDING(S)

PARCEL(S): 2-WDV
SUM Ravenna/Shepard/Broadway 113165

This Agreement is by and between the City of Twinsburg, Ohio ["Purchaser"] and Greater Cleveland Regional Transit Authority ["Seller"; "Seller" includes all of the foregoing named persons or entities]. Purchaser and Seller are referred to collectively in this Agreement as "Parties."

In consideration of the mutual promises, agreements and covenants herein contained the Parties contract as follows:

1. Price and Consideration

Purchaser shall pay to Seller the sum of \$300.00, which sum shall constitute the entire amount of compensation due Seller for: (a) the real property to be conveyed, including all fixtures; (b) any and all damages to any residual lands of Seller; (c) Seller's covenants set forth herein; (d) any and all supplemental instruments reasonably necessary to transfer the title of the subject property; and (e) None.

Seller shall be exclusively responsible for all delinquent taxes and assessments, including penalties and interest, and for all other real estate taxes and assessments that are a lien as of the date on which this Agreement closes. The taxes and assessments for the current calendar year shall be prorated on an estimated basis to the date of acquisition of title or date of possession, whichever is earlier in time. Seller shall be responsible for any and all future installments of any special assessments levied and assessed against the real property, whether or not any such special assessment has been certified to the county auditor for collection, provided that such installments of special assessments shall be a lien on the subject real property as of the date of transfer of title. Purchaser may withhold in escrow a sufficient amount of the purchase money to satisfy the foregoing items to be paid by Seller; any balance remaining after such taxes, assessments, etc., are discharged shall be paid to Seller and any deficiency shall be the responsibility of Seller.

2. Estate Sold and Deed to Transfer

Seller, upon fulfillment of all the obligations and terms of this Agreement, shall sell and convey to Purchaser, its successors and assigns, the property which is more particularly

described in Exhibit A attached hereto and by this reference incorporated herein, together with all improvements now located thereon and all fixtures of every nature now attached to or used with said land and improvements including, but not limited to, driveways, signs, utility fixtures, shrubbery and trees.

If the rights, titles and estates described in Exhibit A constitute the fee simple in, to and of the real property, then such sale and conveyance by Seller shall be by a good and sufficient general warranty deed with, if applicable, full release of dower. In the event the rights, titles, and estates described in Exhibit A constitute something less than the fee simple of the real property, then such sale and conveyance by Seller shall be by a good and sufficient deed or other instrument regularly and ordinarily used to transfer such lesser rights, titles and estates with, if applicable, full release of dower.

3. Limited Access Parcels - Waiver of Abutters' Rights

If the property described in Exhibit A is designated by Purchaser as a limited access parcel, then Seller further agrees to release to Purchaser, its successors and assigns, any and all abutters' rights, including access rights, appurtenant to any remaining lands of Seller (from which the property described in Exhibit A is being severed) in, over, on, from and to the property described in Exhibit A.

4. Supplemental Instruments

Seller agrees to execute any and all supplemental instruments or documents necessary to vest Purchaser with the rights, titles and interests described in Exhibit A.

5. Warranty of Title

Seller shall, and hereby does, warrant that the property described in Exhibit A is free and clear from all liens and encumbrances whatsoever, except: (a) easements, restrictions, conditions and covenants of record; (b) all legal highways; (c) zoning and building laws, ordinances, rules and regulations; and (d) any and all taxes and assessments not yet due and payable.

6. Elimination of Others' Interests

Seller shall assist, in whatever manner reasonably possible under the circumstances, to procure and deliver to Purchaser releases and cancellations of any and all other rights, titles and interests in the property described in Exhibit A, such as, but not limited to, those belonging to tenants, lessees, mortgagees or others now in possession or otherwise occupying the subject premises, and all assessment claims against said property.

Seller and Purchaser agree that if a mortgagee of Seller or of a predecessor in title fails to cooperate with the efforts to obtain a release of that mortgagee's mortgage lien secured by the property described in Exhibit A, then and in that event this Agreement shall become null and void and the parties to this Agreement shall be discharged and released from any and all obligations created by this Agreement; for the purposes of this provision, the term "fails to cooperate" shall include a demand or request by any such mortgagee for a fee to process such a release of that mortgagee's mortgage lien that Purchaser, in its sole discretion, deems to be excessive.

7. No Change in Character of Property

Seller shall not change the existing character of the land or alter, remove, destroy or change any improvement located on the property described in Exhibit A. If, prior to the date on which possession of the subject property is surrendered to Purchaser, the subject property suffers any damage, change, alteration or destruction then, and without regard to the cause thereof, Seller shall restore the subject property to the condition it was in at the time Seller executed this Agreement; in the alternative, Seller may agree to accept the abovementioned purchase price less the costs associated with such restoration. If the Seller refuses to either restore the premises or accept the decreased consideration as aforementioned, then Purchaser, at its option after discovery or notification of such damage, change, alteration or destruction, may terminate and cancel this Agreement upon written notice to Seller.

8. Offer to Sell

If Seller executes this Agreement prior to Purchaser, then this Agreement shall constitute and be an Offer to Sell by Seller that shall remain open for acceptance by Purchaser for a period of 20 days immediately subsequent to the date on which Seller delivers such executed Agreement to Purchaser. Upon Purchaser's acceptance and execution of this Agreement within said period of 20 days, this Agreement shall constitute and be a valid Contract for Sale and Purchase of Real Property that is binding upon the Parties.

9. Designation of Escrow Agent

Seller agrees that Purchaser may designate an escrow agent to act on behalf of the Parties in connection with the consummation and closing of this Agreement.

10. Closing Date

The consummation and closing of this Agreement shall occur at such time and place as the Parties may agree, but no later than 10 days after Purchaser notifies Seller in writing that

Purchaser is ready to consummate and close this Agreement. Provided, however, in no event shall such consummation and closing occur more than 120 days after the last date on which one of the Parties executes this Agreement.

11. Physical Possession of Structures Occupied by Seller

Seller shall surrender physical possession of the land and improvements to Purchaser not later than the date on which Purchaser tenders the purchase price to Seller.

12. Control of Property Occupied by Seller's Tenant(s)

Control of property occupied by Seller's tenant(s) shall be assumed by Purchaser on the date Purchaser tenders the purchase price to Seller. From that date forward, Purchaser shall be entitled to collect and retain as its own funds any and all rental payments thereafter made by such tenant(s). If any rents due under the lease(s) with Seller have been prepaid by Seller's tenant(s), then said prepaid rents shall be prorated to the date on which the purchase price is tendered by Purchaser, and said prepaid rents shall be paid to Seller and Purchaser in accordance with such proration.

13. Binding Agreement

Any and all of the terms, conditions and provisions of this Agreement shall be binding upon and shall inure to the benefit of Seller and Purchaser and their respective heirs, executors, administrators, successors and assigns.

14. Multiple Originals

This Agreement may be executed in two or more counterparts, each of which will be deemed an original, but all of which together shall constitute but one and the same instrument.

15. Entire Agreement

This instrument contains the entire agreement between the Parties, and it is expressly understood and agreed that no promises, provisions, terms, warranties, conditions or obligations whatsoever, either express or implied, other than herein set forth, shall be binding upon Seller or Purchaser.

16. Amendments and Modifications

No amendment or modification of this Agreement shall be valid or binding upon the Parties unless it is made in writing, cites this Agreement and is signed by Seller and Purchaser.

IN WITNESS WHEREOF, the parties hereto, namely the City of Twinsburg, Ohio and Greater Cleveland Regional Transit Authority have executed this Agreement on the date(s) indicated immediately below their respective signatures.
