3. One hundred thousand and 00/100 (\$100,000) shall be delivered by GCRTA to Agent, as Escrow Agent, at or about the time of the signing of the Agreement by GCRTA, and the escrow amount shall be held for the benefit of City, but be held by Agent until released as hereinafter set out.

- 1.0 PURPOSE/SCOPE: This action will allow the Authority to enter into an interagency agreement with the City of Cleveland to establish an escrow account for a period of twenty years, which will hold funds for the repair/replacement of 285 CB-1 catch basins installed as part of the Euclid Corridor project. This action will also grant the General Manager/Secretary-Treasurer authority to deposit one hundred and 00/100 dollars (\$100,000.00) in the escrow account to be held at National City Bank.
- 2.0 DESCRIPTION/JUSTIFICATION: During the Euclid Corridor project construction it was discovered that the contractors had installed 285 City of Cleveland Standard CB-1 catch basins without the required steel reinforcement. The catch basin supplier provided data supporting the structural design of the basins provided. GCRTA and the City agreed that the catch basins could remain in place as long as GCRTA would fund repairs/replacement of the catch basins if they deteriorated prematurely. This agreement establishing the \$100,000.00 escrow account for a period of 20 years fulfills that requirement.
- 3.0 PROCUREMENT BACKGROUND: None
- 4.0 DBE/AFFIRMATIVE ACTION BACKGROUND: The Office of Business Development does not conduct Affirmative Action reviews or set DBE participation goals on governmental Interagency Agreements.
- 5.0 POLICY IMPACT: Does not apply.
- 6.0 ECONOMIC IMPACT: This action will be funded from the RTA Development Fund, ECTP Department budget in the amount of \$100,000.00 with 100% Local Funds due to the length of the escrow account agreement. GCRTA has deducted approximately \$105,000.00 from the ECTP C-02, C-03, and C-04 construction contractors for installing non-conforming catch basin materials.
- 7.0 ALTERNATIVES: Reject the agreement. Reject the interagency agreement. Rejection of this agreement will cause a delay in the transfer of maintenance and control of ECTP catch basins to the City of Cleveland.
