- 1.0 **PURPOSE/SCOPE:** This action will allow the Authority to renew a sole source contract for providing maintenance of the HASTUS scheduling system for a three-year period.
- 2.0 **DESCRIPTION/JUSTIFICATION:** The HASTUS system provides scheduling and runcutting for the Authority's bus and rail operations. Because of the critical nature of this system, it must be able to function without significant downtime or delays. This maintenance agreement will assure timely expert support to resolve any delay-threatening problems.
- 3.0 **PROCUREMENT BACKGROUND:** Under Ohio Revised Code Section 306.43(H)(3), the procurement of electronic data processing maintenance is exempt from a competitive process, due to the proprietary nature of such systems. Giro, Inc. developed the HASTUS software, and is the sole source of technical maintenance services. Giro, Inc. has offered to provide HASTUS software maintenance for a total contract price of \$280,165.00, for a period of three years (2010 - \$90,642; 2011 - \$93,361; 2012 - \$96,162). Maintenance fees are calculated in terms of the number of vehicles operating at peak hours (500 vehicles) and the type of HASTUS optional modules the Authority uses.

 A cost analysis has been performed and the Procurement Department has determined that the rates and price are fair and reasonable to the Authority.
- 4.0 **AFFIRMATIVE ACTION/DBE BACKGROUND:** All Affirmative Action requirements have been met. A 0% DBE goal was established for this procurement due to lack of subcontracting opportunities.
- 5.0 **POLICY IMPACT:** Does not apply.
- 6.0 **ECONOMIC IMPACT:** This procurement will be funded through the RTA General Fund, Information Technology Department budget at a total price of two hundred eighty thousand one hundred sixty-five & 00/100 dollars (\$280,165.00) for a period of 3 years. The negotiated price is equal to the cost estimate. Funding is contingent upon approval of the 2010 budget.
- 7.0 **ALTERNATIVES:** Reject this award. Rejection of this offer would prevent the Authority from maintaining its Hastus system in good working order, and risk problems with scheduling should the system experience technical problems.

- 8.0 RECOMMENDATION: It is recommended that the offer of Giro, Inc as negotiated be accepted and the resolution passed authorizing the General Manager/Secretary-Treasurer to enter into a contract.
- 9.0 ATTACHMENTS: None.

Recommended and certified as appropriate to the availability of funds, legal form and conformance with the Procurement requirements.
