- 1.0 **PURPOSE/SCOPE:** This action will allow the Authority to enter into a sole source agreement for software maintenance, support, and training for its CITME maintenance and materials management system.

- 2.0 **DESCRIPTION/JUSTIFICATION:** The Authority requires a maintenance agreement for the CITME maintenance and materials management system. This system is an intricate part of the Operations Division that manages materials usage and the work order system including documentation of labor used to provide both fleet and facilities management. CITME also provides real time updates to the Authority's inventory system. It is interfaced to the Authority's Oracle Financial Management and Purchasing system. The reports generated through CITME provide management tools that allow for analysis of both maintenance processes and contractor performance.

- 3.0 **PROCUREMENT BACKGROUND:** This sole source contract is exempt from competitive bidding as authorized under Section 306.43(H)(3) of the Ohio Revised Code. Ultramain Systems, Inc. (fka Software Solutions Unlimited) developed this maintenance and materials management system on a proprietary basis and is the only source for maintenance services. The maintenance contract will cover a one-year period from February 1, 2015 through January 31, 2016 in the amount of \$359,448.00. It will also include two annual maintenance renewal periods from February 1, 2016 through January 31, 2017 and February 1, 2017 through January 1, 2018 in negotiated amounts not to exceed \$372,025.00 and \$385,130.00, respectively. Annual increases were negotiated at 3.5% per year over each prior year, a decrease from the 5.2% per year increases in the previous contract. Four weeks of training will also be included annually.

 The Procurement Department requested a proposal from Ultramain Systems, Inc. The Service Management Department reviewed the proposal for adherence to the technical requirements. A price analysis was performed and the Procurement Department has determined the negotiated price to be fair and reasonable to the Authority.

- 4.0 **AFFIRMATIVE ACTION/DBE BACKGROUND:** All Affirmative Action requirements have been met. A 0% DBE Goal was established for this procurement due to the lack of certified DBE firms.

- 5.0 **POLICY IMPACT:** Does not apply.

- 6.0 **ECONOMIC IMPACT:** This contract will be funded through the General Fund, Information Technology Department budget in an amount of \$359,448.00 for a one year period beginning February 1, 2015 with two annual renewals in amounts not to exceed \$372,025.00 and \$385,130.00, respectively, for a total contract amount not to exceed \$1,116,603.00. This is within the budgeted amount for this project.
- 7.0 **ALTERNATIVES:** Reject this offer. Rejection of this offer would prevent continued maintenance of the CITME/Ultramain software and risk breakdowns in the Authority's maintenance and materials management system.
- 8.0 **RECOMMENDATION:** It is recommended that the offer of Ultramain Systems, Inc., as negotiated, be accepted and the resolution passed authorizing the General Manager/Secretary-Treasurer to enter into a contract.
- 9.0 **ATTACHMENTS:** None.

Recommended and certified as appropriate to the availability of funds, legal form and conformance with the Procurement requirements.
