- 1.0 **PURPOSE/SCOPE:** This resolution will allow the Authority to enter into a contract for the furnishing of 200 Breda Light Rail Vehicle (LRV) 28 inch steel wheels, as specified and as required.
- 2.0 **DESCRIPTION/JUSTIFICATION:** The Authority has an ongoing need to replace the 28 inch LRV resilient wheels due to normal wear that occurs during train service. As part of the LRV's regular maintenance, LRV wheels are measured and machined to return the wheel's profile back into tolerance. When a wheel's diameter falls below 26 inches, it can no longer be machined and must be replaced. The Breda LRV's resilient wheels reduce shock, noise and provide a smoother ride for the Authority's customers.
- 3.0 **PROCUREMENT BACKGROUND:** The Invitation for Bid (IFB) was posted on the Procurement section of the Authority's web site and advertised in the local newspapers. Twenty-three interested parties downloaded the solicitation package. Three bids were received and opened on March 29, 2017. The bid of ALSTOM Transportation Inc. has been determined by the Procurement Department to be the lowest responsive bid from a responsible bidder.
