- 1.0 **PURPOSE/SCOPE:** This action will allow the Authority to enter into a contract for Project 52M – Engineering Services for the Reconstruction of Tracks 10 E&W and Track 13 at the Tower City Station.
- 2.0 **DESCRIPTION/JUSTIFICATION:** The Authority requires professional engineering services for design and construction support for Tracks 10 E&W and Track 13 at the Tower City Station.
- 3.0 **PROCUREMENT BACKGROUND:** The Request for Proposal (RFP) was posted on the GCRTA Procurement web site and advertised in the local newspapers. These services were solicited through a competitive negotiated procurement, utilizing the Brooks Act Procedures. Under this process, the Authority’s evaluation panel first selects the most technically qualified firm, solicits a pricing proposal from that firm, and negotiates only with that firm. Should the Authority determine that an agreement could not be reached with the most qualified firm, it may reject that proposal and repeat the process with the next most qualified firm. In this instance, negotiations were held with the first ranked firm and an acceptable price was reached. TranSystems Corporation of Ohio has successfully completed projects for the Greater Cleveland RTA, Stark Area RTA, Portage Area RTA, Chicago Transit Authority and City of Buffalo Department of Public Works, among others. The Procurement Department performed a cost analysis and determined the proposed pricing to be fair and reasonable to the Authority.
- 4.0 **AFFIRMATIVE ACTION/DBE BACKGROUND:** All Affirmative Action requirements have been met. A 20% DBE goal was established for this procurement. TranSystems Corporation has committed to achieving the DBE participation goal through the utilization of Denise's Flagging and Construction (Female-owned) in the amount of \$54,432, G&T Associates (Asian-owned) in the amount of \$98,949, and Somat Engineering (Asian-owned) in the amount of \$96,404 for a total of \$249,785 or 21.3%
- 5.0 **POLICY IMPACT:** Does not apply.
- 6.0 **ECONOMIC IMPACT:** This contract shall be payable from the RTA Development Fund, Engineering & Project Development Department budget, including but not limited to, 100% Local funds not to exceed \$1,172,869.00. Local funds will be reimbursed by pending 2017 FTA State of Good Repair Capital Grant in the amount of \$938,295.20 which represents 80% of the total cost.
- 7.0 **ALTERNATIVES:** Reject this offer. Rejection of this offer will impact the Authority’s ability to address a potential safety hazard for GCRTA passengers, employees and equipment on the rail through Tower City Station.
