Dear Mr. Jackson:

As you requested, we are attempting to honor the agreement entered into between RTA and ATU, Local 268 in 1979 which established procedures for the filling of Rail Station Attendant positions. In order for us to proceed, we need to assess the medical status of the current Rail Station Attendants in accordance with the conditions outlined in the agreement.

Mary Jo LaPorte

Assistant General Manager  
Human Resources

I have attached a copy of the letter we intend to send to each of these employees informing them they will be required to submit to a physical examination at the Authority's expense.

We plan to implement this process beginning the month of June. I will be happy to discuss this matter and our process with you at any time before June 1.

Sincerely,

Mary Jo LaPorte  
Assistant General Manager  
Human Resources
